### IMPACT FEE FUND SUMMARY

The Impact Fee Fund is established to receive funds collected at the time of building permit issuance. Capital improvements for which these funds may be used are those intended to meet the needs created by new development in six specific areas: law enforcement, arterial streets, parks, public buildings, and storm drainage and WIFI. For each fee collected, an administrative fee of 4% is transferred to the General Fund. Staff has conservatively budgeted 104 new residential and no commercial building permits, for 2008.

**DEVELOPMENT REVIEW DEPOSIT FUND**

The Development Review Deposit Fund contains refundable deposits made by developers for payment of contract development review services. The Timnath Municipal Code requires that developers reimburse the Town for all professional fees incurred by the Town in reviewing land use applications of a developer. The developer must advance funds to the Town prior to the Town reviewing any application. When a developer account is depleted, the Town requests additional funds from the developer to replenish the account. The Town retains an administration fee of 15% of the professional fees for managing the revenues and expenditures for the developers. Upon completion of any given project/development, funds remaining in the account (less the administration fee) are refundable to the developer.
