I. **INTRODUCTION**

A. **Purpose and Intent.**

(i) **Enabling Authority.** It is the intention of the Town that this Service Plan grants authority to the Districts to construct some or all of the Public Improvements authorized herein. If the Districts elect not to provide certain of the Public Improvements, which may be provided in accordance with an Approved Development Plan or other agreement with the Town, the Districts shall notify the Town in writing of such election whereupon the Town shall have 30 days to provide a letter to the Districts advising the Districts of the obligation to seek a formal amendment to this Service Plan, or, in the alternative, advising that such election does not constitute a material modification hereof. If the Town determines that such election does not constitute a material modification hereof, the Districts shall submit a written modification of this Service Plan to the Town for administrative approval as a non—material modification whereupon the authority of the Districts to provide such Public Improvements shall be deemed stricken from this Service Plan. In all events, the Town and the Districts acknowledge that the Districts are independent units of local government, separate and distinct from the Town, and, except as may otherwise be provided for by State or local law or this Service Plan, its activities are subject to review by the Town only insofar as they may deviate in a material manner from the requirements of the Service Plan.

(ii) **General Purpose.** It is intended that the Districts will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the Districts. The primary purpose of the Districts will be to finance the construction of these Public Improvements and not to provide long term operations and maintenance of Public Improvements except as specifically authorized herein or in an intergovernmental agreement with the Town.

B. **Need for the Districts.**

There are currently no other governmental entities, including the Town, located in the immediate vicinity of the Districts that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the Districts is therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. **Objective of the Town Regarding Districts’ Service Plan.**

The Town’s objective in approving the Service Plan for the Districts is to authorize the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by the Districts. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties, and at a maximum mill levy no higher than the Maximum Aggregate Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11.
Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of said Debt.

This Service Plan is intended to establish a limited purpose for the Districts and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities in connection with any trails and related amenities, or other Public Improvements not dedicated to another entity will be allowed subject to entering into an intergovernmental agreement with the Town.

It is the intent of the Districts to dissolve upon payment or defeasance of all Debt incurred or upon a court determination that adequate provision has been made for the payment of all Debt and for continuation of any operations approved in an intergovernmental agreement. The Districts may be allowed to continue certain limited operations and to retain those powers necessary to impose and collect taxes or fees to pay for costs and functions if permitted by intergovernmental agreement with the Town.

The Districts shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy and which shall not exceed the Maximum Debt Mill Levy Imposition Term. It is the intent of this Service Plan to assure to the extent possible that no property bear an economic burden associated with financing such improvements that is greater than that associated with the Maximum Debt Mill Levy in amount, and that no property bear an economic burden associated with such improvements that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this Service Plan also provides for the District to pay a Regional Improvement Mill Levy in order to help ensure that new developments that necessitate and benefit from the Town’s Regional Improvements pay their fair share of the costs associated with building and maintaining said improvements.

Any operation and maintenance Fee imposed without approval as set forth herein shall constitute a material departure from the Service Plan. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from owners of Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a direct capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing, the restrictions in this section related to capital fees charged to End Users shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the Districts.
12. **Monies from Other Governmental Sources.**

The Districts shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the Town is eligible to apply for, except pursuant to an intergovernmental agreement with the Town. 14. **Bankruptcy Limitation.**

All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Operations Mill Levy, Maximum Aggregate Mill Levy, Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term, and the Fees have been established under the authority of the Town to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

15. **Water Rights/Resources Limitation.**

The Districts shall not acquire, own, manage, adjudicate or develop water rights or resources except as otherwise provided pursuant to an intergovernmental agreement with the Town. [add to IGA if applicable]

18. **Covenant Enforcement/Design Review.**

The Districts shall provide all community functions authorized by covenants, conditions and restrictions including the Covenant Enforcement and Design Review Services for the Project, unless otherwise provided pursuant to an intergovernmental agreement with the Town. [add to IGA if applicable] The Districts shall not impose assessments to fund Covenant Enforcement and Design Review Services, but the Districts shall be authorized to impose Fees to defray the costs of such Services. The Districts shall be authorized to contract among themselves to assign responsibility for Covenant Enforcement and Design Review Services.

19. **Financial Review.**

The Town shall be permitted to conduct periodic reviews of the financial powers of the Districts in the service plan at its discretion, including more frequently than the so-called "quinquennial" review contemplated by CRS Section 32-1-1101.5. Within sixty days of receipt of notice of the Town's intent to conduct such a financial review, the Districts shall submit to the Town an application for a finding of reasonable due diligence setting forth the amount of the Districts' authorized but unissued general obligation debt, any current or anticipated plan to issue such debt, a copy of each District's last audit or audit exemption, and any other information required by the Town relevant to making its determination of due diligence as provided below. The Town's procedures for conducting a financial review under this Paragraph 19, and the remedies available to the Town as a result of such financial review shall be identical to those provided for in CRS Section 32-1-1101.5(2).

B. **Service Plan Amendment Requirement.**

This Service Plan has been designed with sufficient flexibility to enable the Districts to provide required services and facilities under evolving circumstances without the need for numerous amendments. Actions of the Districts which violate the limitations set forth in V.A, VI, or VII.A-I. shall be deemed to be material modifications to this Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin such actions of the Districts, including the remedy of enjoining the issuance of additional authorized but unissued debt, until such material modification is remedied.

C. **Preliminary Engineering Survey.**

The Districts shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, and financing of the Public Improvements within and without the boundaries of the Districts as set forth on Exhibit F, to be more specifically defined in an Approved Development Plan. An estimate of the costs of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, or financed was prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the Service Area and is approximately _______________ Dollars ($__________).

All of the Public Improvements will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the Town, or any other appropriate entity providing a service the Town does not provide, and shall be in accordance with the requirements of the Approved Development Plan.
All construction cost estimates are based on the assumption that construction conforms to applicable local, State or Federal requirements.

D. **Multiple District Structure.**

It is anticipated that the Districts, collectively, will undertake the financing and construction of the improvements contemplated herein. Specifically, the Districts shall enter into an intergovernmental agreement which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the improvements contemplated herein. The Districts will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the improvements.

VI. **REGIONAL IMPROVEMENTS**

The Districts shall be authorized and required to provide a contribution to the funding of Regional Improvements and fund the administration and overhead costs related to the provision of the Regional Improvements incurred as a result of participation in an intergovernmental agreement.

The Districts shall obtain TABOR authorization for and impose the Regional Improvements Mill Levy, and shall convey the revenue derived therefrom to the Town pursuant to an executed intergovernmental agreement for use in planning, designing, constructing, installing, acquiring, relocating, redeveloping or financing of the Regional Improvements which benefit the service users and taxpayers of the Districts in accordance with such agreement. The Regional Improvements Mill Levy shall be used for the purposes referenced above, as prioritized and determined by the Town in its sole discretion. The Regional Improvements Mill Levy is included within the Maximum Aggregate Mill Levy.

The Regional Improvements Mill Levy shall be imposed as follows: (i) one (1) mill for collection beginning for each District beginning the first year of collection of a debt service mill levy or operations and maintenance mill levy by such District and continuing each year thereafter through the twentieth (20th) year; (ii) five (5) mills from the twenty-first (21st) year through the fortieth (40th) year; and (iii) ten (10) mills from the forty-first (41st) year until such District is dissolved.

VII. **FINANCIAL PLAN**

A. **General.**

The Districts shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by the Districts. The Financial Plan for the Districts shall be to issue such Debt as the Districts can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. The total Debt that the Districts shall be permitted to issue shall not exceed $__________ Dollars ($__________) and shall be permitted to be issued on a schedule and in such year or years as the Districts determines shall meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. All Bonds and other Debt issued by the Districts may be payable from any and all legally available revenues of the Districts, including
general ad valorem taxes and Fees to be imposed upon all Taxable Property within the Districts. The Districts will also rely upon various other revenue sources authorized by law. These will include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(1), C.R.S., as amended from time to time, subject to the limits in this Service Plan. In addition to the information in this Section VI, the Town may require additional financial forecasts and feasibility reports.

The Financial Plan is only one example of how the Districts may finance the Public Improvements and is not intended to establish an additional limitation but, rather is one example of a financing that could be pursued. The amount of Debt issued, the mill levy pledged, the date of issuance, the term of the bonds and the other information in the Financial Plan is intended to show one example of the Districts’ ability to issue and repay Debt. The actual Debt issued by the Districts will most certainly differ from what is shown in the Financial Plan. Notwithstanding anything else herein to the contrary, all issuances of Debt shall be deemed to be in compliance with the Financial Plan and the Service Plan so long as the Minimum Criteria have been met.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount.

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. All debt-related election ballot questions shall provide that in the event of a default, the proposed maximum interest rate on any Debt shall not exceed eighteen percent (18%). All debt-related election ballot questions shall provide that the proposed maximum underwriting discount for Debt will be five percent (5%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities. All debt-related election ballot questions shall be drafted so as to limit each District’s debt service mill levy to the Maximum Debt Mill Levy. Prior to any election to authorize the issuance of debt, each district shall cause a letter prepared by an attorney licensed in the State of Colorado to be provided to the Town opining that the requirements of this paragraph have been satisfied. Failure to observe the requirements established in this paragraph shall constitute a material modification under the Service Plan and shall entitle the Town to all remedies available at law and in equity, including the remedies provided for in Section V(19), herein.

C. Maximum Mill Levies.

1. The Maximum Debt Mill Levy shall be the maximum mill levy a District is permitted to impose upon the taxable property within such District for payment of Debt, and shall be subject to and included within the Aggregate Mill Levy Cap defined below.

If the total amount of aggregate Debt of a District is equal to or less than fifty percent (50%) of that District’s assessed valuation, either on the date of issuance or at any time thereafter, the Maximum Aggregate Mill Levy will be increased to sixty (60) mills.

D. Maximum Debt Mill Levy Imposition Term.

Approval of this Service Plan shall not be construed as a guarantee by the Town of payment of any of the Districts’ obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the Town in the event of default by the Districts in the payment of any such obligation.

RECITALS

WHEREAS, the Districts were organized to provide those services and to exercise powers as are more specifically set forth in the Districts’ Service Plan approved by the Town on ______________ (“Service Plan”); and

WHEREAS, the Service Plan makes reference to the execution of an intergovernmental agreement between the Town and the Districts, as required by the Timnath Town Code; and

WHEREAS, the Town and the Districts have determined it to be in the best interests of their respective taxpayers, residents and property owners to enter into this Intergovernmental Agreement (“Agreement”).

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

COVENANTS AND AGREEMENTS

1. Operations and Maintenance. The purpose of the Districts is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The Districts shall dedicate the Public Improvements to the Town or other appropriate jurisdiction in a manner consistent with the Approved Development Plan and other rules and regulations of the Town and applicable
provisions of the Town Code. The Districts shall operate and maintain all trails and related amenities pursuant to an intergovernmental agreement with the Town, which shall be executed at the first meeting of the Districts after approval of this service plan. Operational activities for other Public Improvements not dedicated to another entity are allowed subject to entering into an intergovernmental agreement with the Town allowing the Town to set minimum standards for maintenance. Any Fee imposed by the Districts for access to recreation improvements owned by the Districts shall not result in Town residents who reside outside the Districts paying a user fee that is greater than, or otherwise disproportionate to, similar fees and taxes paid by residents of the Districts. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with use of District park and recreational improvements by Town residents who do not reside in the Districts to ensure that such costs are not the responsibility of a District’s residents, provided that such administrative Fee shall not result in Town residents who reside outside the Districts paying a user fee that is greater than, or otherwise disproportionate to, similar fees and taxes paid by residents of the Districts. All such Fees shall be based upon the District’s determination that such Fees do not exceed a reasonable annual market fee for users of such facilities. All operations and maintenance Fees and Fee increases shall be subject to review and approval by the Town. Notwithstanding the foregoing, all parks and trails shall be open to the general public, including Town residents who do not reside in the Districts, free of charge.

2. Service Plan. The Districts shall not take any action, including without limitation the issuance of any obligations or the imposition of any tax or fee, which would constitute material modification of the Service Plan as set forth in Section 32-1-207(2), C.R.S. Actions of the Districts which violate any restriction set forth in the Service Plan constitute a material modification of the Service Plan that shall be a default under this Agreement, and shall entitle the Town to protect and enforce its rights under this Agreement by such suit, action, or special proceedings as the Town deems appropriate. It is intended that the contractual remedies herein shall be in addition to any remedies the Town may have or actions the Town may bring under Section 32-1-207, C.R.S., or any other applicable statute. The Town may impose any sanctions allowed by the Timnath Municipal Code or statute. Nothing herein is intended to modify or prevent the use of the provisions of Section 32-1-207(3)(b), C.R.S., however, the time limits of Section 32-1-207(3)(b), C.R.S., are expressly waived by the Districts.

The Service Plan grants authority to the Districts to construct some or all of the Public Improvements identified herein. If the Districts elect not to provide certain of the Public Improvements that are assigned to it as part of an Approved Development Plan, the Districts shall notify the Town in writing of such election whereupon the Town shall have 30 days to provide a letter to the Districts that such election does not constitute a material modification hereof, or to otherwise advise the Districts of the obligation to seek a formal amendment to this Service Plan. If the Town determines that such election does not constitute a material modification hereof, the Districts shall submit a written modification of this Service Plan to the Town for administrative approval as a non—material modification, whereupon the authority of the Districts to provide such Public Improvements shall be deemed stricken from the Service Plan.

3. Regional Improvements. The District shall be authorized and required to contribute to the funding of the Regional Improvements and fund the administrative and overhead costs related to the provision of the Regional
Improvements incurred as a result of participation in this Agreement through the imposition of a Regional Improvements Mill Levy, as defined in the Service Plan.

The Districts shall impose the Regional Improvements Mill Levy, and shall remit all revenue derived therefrom to the Town beginning in the first tax collection year after execution of this Agreement in which the District certifies a debt service or operating mill levy and continuing thereafter as prescribed in the District's service plan. The Regional Improvements Mill Levy shall be used in the planning, designing, constructing, installing, acquiring, relocating, redeveloping or financing of the Regional Improvements as prioritized and determined by the Town, in its sole discretion. The obligation to impose and remit the Regional Improvement Mill Levy shall be deemed a multi-fiscal year obligation under the Colorado Constitution, and shall require voter approval in the form of a TABOR election.
