

561 E. Garden Drive, Unit C
Windsor, CO 80550

To whom it may concern,

We are writing this letter in cooperation with the Town of Timnath to inform you of the upcoming Code Adoptions. We are glad to announce that we are targeting **August 1st, 2019** to start implementing the 2018 I-Codes. Timnath has adopted the following:

- 2018 I-Codes (With adoption of 2018 Swimming Pool and Spa Code)
- 2012 International Energy Code with amendments.
- Electrical will remain adopted per the state; 2017 IEC.

At this time, we ask that all Master Plans are updated and re-submitted for review; we do accept electronic master plan files submitted on a thumb drive. If applicable, please provide a list of your top priority big-seller Models so SAFEbuilt can get those out the door as soon as possible.

All permit applications submitted **after August 1, 2019** will be inspected and reviewed to the 2018 codes.

If we can answer further questions, please contact Kim Doss at kdoss@safebuilt.com.

Sincerely,

Caleb Sulzen

Building Official
