

Adopt a Street/Trail General Information

The Town of Timnath strives to foster civic pride through partnering with Timnath residents and businesses in The Adopt a Street/Trail program. The Town encourages our residents and businesses to volunteer to assist with keeping our streets and trails litter-free and aesthetically pleasing for all who live, work, and visit our beautiful town. The Program operates at the Town's discretion and may be discontinued or modified at any time.

Who Can Participate

The Program is open to any Timnath family, Timnath-based business, or Timnath-based service group that can demonstrate a willingness to accept responsibility for adopting a street or trail section for at least one year. After the one-year term, the adopting group may be allowed to retain its adoption of the street or trail for as long as the group continues to responsibly participate in regularly scheduled route cleanups. Should an adopting group not fulfill the adoption agreement terms during the first or any subsequent years, the route will be made available for adoption by a new group at the end of that calendar year.

Participation Requirements

- Discuss with the Town Adopt a Street Coordinator which street or trail route the group would like to adopt and complete the Town's Adopt a Street/Trail Application online: timnath.org/adopt-a-street
- Agree to perform a cleanup at least three times in one calendar year.
- Have all group leaders (as identified in the application) review the application packet and program rules and distribute rules to all participants.
- All participants must sign Release of Liability Agreements before participating in a cleanup event.
- All Adopt A Street/Trail volunteers must wear neon safety vests and observe safety regulations provided by the Town.
- Ensure all participants obey all program rules.
- Inform the Town Adopt a Street/Trail Coordinator at least one week prior to a cleanup event.

The Town will provide:

- Approval of the group's preferred/available route adoption
- Coordination with your Adopt a Street group to schedule your clean-up events
- A container of clean-up supplies, including large trash bags, safety vests, disposable nitrile gloves, and long-handled trash grabbers will be available for you to pick up at 4750 Signal Tree Drive one to two days prior to your clean-up event
- Coordination of removal and disposal of full trash bags after each cleanup event
- After one successful cleanup event, the Town will erect two Town-owned Adopt a Street/Trail signs (one in each direction of travel) identifying the adopting group. The signs' content, timing, and placement are at the Town's discretion and are dependent on various factors, including but not limited to Town funding, staffing, and the availability of adequate right-of-way to place the sign.
